+ WORK EXPERIENCES

Daffodil International University   **Aug 2019-May 2020**
    Position: Teacher Assistant

Job responsibilities:
- Reinforce lessons by reviewing material with students one-on-one or in small groups
- Help Teachers doing research paper
- Follow school and class rules to teach students proper behavior
- Help teachers with recordkeeping, such as taking attendance and calculating grades
- Get equipment or materials ready to help teachers prepare for lessons
- Supervise students outside of the classroom, such as between classes, during lunch and recess, and on field trips

Teacher assistants also are called teacher aides, instructional aides, paraprofessionals, education assistants, and Para educators.

I have worked as a Teacher assistants with or under the guidance of a licensed teacher. Reviewing with students individually or in small groups, this post help reinforce the lessons that teachers introduce. For the Purpose of this post I have provided feedback to teachers for monitoring student progress as well as I had meet regularly with my teachers to discuss lesson plans and students' development. I have taken many classes instead of my teacher when he was stay outside of the university for their own purpose.

+ RESEARCH BACKGROUND

Research is a process of systematic inquiry that entails collection of data; documentation of critical information; and analysis and interpretation of that data/information, in accordance with suitable methodologies set by specific professional fields and academic disciplines.

As the purpose of my interest I have taken many Research paper which is I work will in future and still working some papers. Now here I attach my complete Research paper in below.

Name of the Paper

- ❖ Revisiting the Approaches, Datasets and Evaluation   **Published: 2020**
  Parameters to Detect Android Malware: A Comparative Study from State-of-Art

          Cites:
